Provost to Edgerton and Nilrem to Vermilion (PENV) Transmission Development – Nilrem to Vermilion Notice of application filing

Thank you for your ongoing participation in the Provost to Edgerton and Nilrem to Vermilion (PENV) Transmission Development. We submitted an application for the Nilrem to Vermilion project to the Alberta Utilities Commission (AUC) on December 4, 2020.

Next steps

The AUC will review the application and can approve, approve with conditions or deny the project. The AUC may also host a hearing regarding the project. To learn more about the AUC process and how you can become involved please visit www.auc.ab.ca.

The application

The application can be viewed on the AUC's website at www.auc.ab.ca.

To access the application, click on the 'eFiling System Login' button on the left side of the page and log in to your eFiling account. If you do not have an account, select 'New Account' and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

Once your account has been created and you have successfully logged in, enter 26145 into the 'Go to...' search bar on the left side of the page to locate the application.

If you have any issues accessing the application, please contact us at the details below and we will mail a copy of the application to you.

Project background

AltaLink's portion of the proposed Nilrem to Vermilion development is located in the municipal districts of Wainwright and Provost, Flagstaff County and the County of Minburn. If approved, the Nilrem to Vermilion project involves:

- Approximately 70-80 kilometres of new single circuit 240 kilovolt (kV) transmission line connecting the Nilrem Substation, located southeast of the Town of Hardisty, to a new ATCO Electric line, located north of the Village of Irma.
- Modifications to the Nilrem Substation to accommodate the new transmission line.

ATCO Electric is also planning a portion of the Nilrem to Vermilion development in its service area. If you have questions regarding their portion of the project, please contact them directly at 1-855-420-5775 (toll-free) or consultation@atcoelectric.com. For detailed information about our routing, please see our application as per the information above.

Contact us

We are available to address any questions or concerns you may have. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453. Further information about this project and maps are available at AltaLink project page <http://www.altalink.ca/projects/view/330/provost-to-edgerton-and-nilrem-to-vermilion-penv-transmission-development>.

Sincerely,

Dave Lee
Manager, Stakeholder Engagement
