Enel Riverview Wind Power Facility Interconnection Notice of Project Approval

Thank you for your ongoing participation in the Riverview Wind Power Facility Interconnection project. The Alberta Utilities Commission (AUC) approved this project for construction on July 15, 2019.

Next steps

Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- work at an existing substation

All work will take place on AltaLink owned land, and access to private property is not required.

AUC approval

When the AUC approves a transmission project, it grants AltaLink Permits and licenses. The permits and licenses for this project can be viewed on the AUC website at:

<https://www2.auc.ab.ca/Proceeding2402/SitePages/ManageApplications.aspx?ApplicationID=25784&AppNumber=1609252-1>

To view the above link, you will need to log in to your eFiling account. If you do not have an account, select 'New Account' in the Login box and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

If you have any issues accessing these Permits and Licences, please contact us at the details below and we will mail copies of the documents to you.

Project background

The proposed Riverview Wind Power Facility Interconnection includes adding one 240 kilovolt (kV) circuit breaker and associated equipment to the existing Castle Rock Ridge Substation.

The project was selected in round one of the Renewable Electricity Program (REP), for more information about the REP please visit www.aeso.ca.

The project is not related to AltaLink's Chapel Rock to Pincher Creek Area Transmission Development Project. For details regarding that project, please visit:

<http://www.altalink.ca/projects/view/296/chapel-rock-to-pincher-creek-area-transmission-development>

Contact us

We are available to address any questions or concerns you may have. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453. Further information about this project and maps are available at AltaLink project page <http://www.altalink.ca/projects/view/143/riverview-wind-power-facility-interconnection>.

Sincerely,

Dave Lee
