**Riverview Wind Power Facility Interconnection:
Notice of application filing**

AltaLink would like to thank you for your ongoing participation in the proposed Riverview Wind Power Facility Interconnection. We would like to inform you that we submitted an application for this project to the Alberta Utilities Commission (AUC) on June 12, 2013.

Next steps

The AUC will review the application and can approve, approve with conditions, or deny the project. The AUC may also host a hearing regarding the project. To learn more about the AUC process and how you can become involved, please visit www.auc.ab.ca.

If the project is approved, construction is scheduled to begin in summer 2014 and we anticipate it will take approximately four months to complete. We will contact landowners in advance when construction activities are required to take place on private land.

You may see or hear the following during the construction process:

- noise and construction crews
- work at the existing Castle Rock Ridge Substation

The application

The application can be viewed on the AUC website at www.auc.ab.ca.

To access the application, click on 'Applications' on the right hand side of the page, then click on 'Current Applications' and follow the directions on the page. The application number is 1609664.

Alternatively you can type in the full internet address to view the application:

https://www.auc.ab.ca/eub/dds/iar_query/ViewApplication.aspx?appnumber=1609664

If you would like a copy of the application please contact us at the information listed below and we will mail one to you.

The project

Alberta has grown significantly in recent years and the demand for electricity has increased. Transmission system reinforcements are required to ensure consumers continue to have a reliable supply of electricity for years to come.

The proposed Riverview Wind Power Facility Interconnection includes:

- connecting the ENEL Riverview Substation to AltaLink's Castle Rock Ridge Substation
- upgrades at the Castle Rock Ridge Substation

Contact us

We are available to gather any further input you have or address any questions or concerns. Please contact us at stakeholderrelations@altalink.ca or 1.877.267.1453.

Further information about this project and maps are available on www.altalink.ca/projects.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Ian Johnstone', with a stylized flourish at the end.

Ian Johnstone
Manager, Siting
