Gainford Substation Transformer Replacement Notice of application filing

Thank you for your ongoing participation in the Gainford Substation Transformer Replacement. We submitted an application for the project to the Alberta Utilities Commission (AUC) on August 5, 2016.

Next steps

The AUC will review the application and can approve, approve with conditions or deny the project. The AUC may also host a hearing regarding the project. To learn more about the AUC process and how you can become involved please visit www.auc.ab.ca.

We will notify you of the AUC's decision regarding the project. If the project is approved, construction could begin in September 2018 and will take approximately five months to complete.

If the project is approved, you may see or hear the following during the construction:

- noise and construction crews
- work at the existing Gainford Substation

The application

The application can be viewed on the AUC's website at www.auc.ab.ca.

To access the application, click on the 'eFiling System Login' button on the left side of the page and log in to your eFiling account. If you do not have an account, select 'New Account' and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

Once your account has been created and you have successfully logged in, enter 21841 into the 'Go to...' search bar on the left side of the page to locate the application. Alternatively, you can navigate to 'Find', click 'Proceedings' and enter "Gainford Substation" into the 'Proceedings description' search bar.

If you have any issues accessing the application, please contact us at the details below and we will mail a copy of the application to you.

Project background

The Gainford Substation Transformer Replacement is located near Seba Beach in Parkland County (in NE-13-53-6-W5M) and includes:

- replacing an existing transformer with a new 138 kV transformer

This project will help meet the electrical needs of the Gainford Pump Station facility and was requested by Kinder Morgan Canada to support their proposed Trans Mountain Expansion Project.
