## **New Hornbeck Substation Notice of project approval**

Thank you for your ongoing participation in the New Hornbeck Substation project. The Alberta Utilities Commission (AUC) approved this project for construction on December 14, 2016.

### **Next steps**

We plan to begin construction in September 2018 and anticipate it will take 6 months to complete. Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- transmission structure construction
- wire stringing activities
- substation construction activities

### **AUC approval**

When the AUC approves a transmission project, it grants AltaLink Permits and Licenses. The Permits and Licenses for this project can be viewed on the AUC website at:

<https://www2.auc.ab.ca/Proceeding22014/SitePages/ViewDispositions.aspx>

To view the above link, you will need to log in to your eFiling account. If you do not have an account, select 'New Account' in the Login box and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at [info@auc.ab.ca](mailto:info@auc.ab.ca).

If you have any issues accessing these Permits and Licences, please contact us at the details below and we will mail copies of the documents to you.

### **Project background**

AltaLink is building a new substation, called Hornbeck, located at the Edson Pump Station facility, approximately 10 kilometres west of Edson in Yellowhead County. The New Hornbeck Substation project includes building:

- one 138 kV transformer and two new 138 kV circuit breakers
- one control building
- two 138 kV transmission lines, each approximately 159 metres in length
- overhead fibre optic cable along the transmission line
- a fenced area of approximately 43 by 40 metres
