13L Transmission Line Rebuild Notice of Project Approval

Thank you for your ongoing participation in the 13L Transmission Line Rebuild project. The Alberta Utilities Commission (AUC) approved this project for construction on October 29, 2018.

Next steps

We plan to begin construction in November, 2018, and anticipate it will take approximately 10 months to complete.

Where construction activities are required to take place on private property, we will contact you in advance to discuss the specific dates and times we will require access to your property.

Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- pole removal, installation and stringing activities

AUC approval

When the AUC approves a transmission project, it grants AltaLink permits and licences. The permits and licences for this project can be viewed on the AUC website at:

<https://www2.auc.ab.ca/Proceeding23556/SitePages/ViewDispositions.aspx>

To view the above link, you will need to log in to your eFiling account. If you do not have an account, select 'New Account' in the Login box and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

If you have any issues accessing these permits and licences, please contact us at the details below and we will mail copies of the documents to you.

Project background

The 13L Transmission Line Rebuild is located between the towns of Okotoks and High River.

The 13L transmission line was built in 1926 and has reached the end of its life cycle. Rebuilding this transmission line will ensure that residents in the area continue to have a reliable supply of power. For detailed information about our routing, please see our application as per the information above.

Contact us

We are available to address any questions or concerns you may have. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453. Further information about this project and maps are available at <http://www.altalink.ca/projects/view/245/13l-transmission-line-rebuild>.

Sincerely,

Dave Lee
Manager, Stakeholder Engagement
