

June 1, 2018

Vulcan-Stavely Area Capacity and Reliability Upgrade Notice of project approval

Thank you for your ongoing participation in the Vulcan-Stavely Area Capacity and Reliability Upgrade. The Alberta Utilities Commission (AUC) approved this project for construction on May 15, 2018.

Next steps

We plan to begin construction in June 2019 and anticipate it will take approximately six months to complete.

Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- work at the existing Vulcan and Stavely substations

AUC approval

When the AUC approves a transmission project, it grants AltaLink Permits and Licences. The Permits and Licences for this project can be viewed on the AUC website at:

<https://www2.auc.ab.ca/Proceeding23388/SitePages/ViewDispositions.aspx>

To view the above link, you will need to log in to your eFiling account. If you do not have an account, select 'New Account' in the Login box and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

If you have any issues accessing these Permits and Licences, please contact us at the details below and we will mail copies of the documents to you.

Project background

The Vulcan-Stavely Area Capacity and Reliability Upgrade project is located at the Vulcan Substation, approximately three kilometers south of the Town of Vulcan, and at the Stavely Substation, approximately one kilometre east of the Town of Stavely. The project involves:

- salvaging one 25 kV circuit breaker at the Vulcan Substation
- adding one new 138 kV circuit breaker, one 138/25 kV transformer and one new switchgear building containing four 25kV circuit breakers at the Vulcan Substation
- expanding the fence line to the north of the substation at the Vulcan Substation
- adding one 25 kV circuit breaker at the Stavely Substation

Contact us

AltaLink is available to gather any further input you have and address any questions or concerns. Please contact us at stakeholderrelations@altalink.ca or 1-877-269-5903. Further information about this project and maps are available at:
