### **Invenergy Hilda Substation Interconnection Project Cancellation**

Thank you for your participation in the Invenergy Hilda Substation Interconnection Project. You may have received information regarding this project in November 2017. The Alberta Electric System Operator (AESO) cancelled the project on November 26, 2018.

If you have questions about the project cancellation, please contact the AESO at 1-888-866-2959 or at [stakeholder.relations@aeso.ca](mailto:stakeholder.relations@aeso.ca). If you have questions about transmission routing information, please contact AltaLink using the information below.

#### **Project background**

The proposed project involved constructing a new switching station, to be named the Hilda Substation in NE-33-16-2-W4M, approximately 11 kilometres northwest of the Hamlet of Schuler.

If approved, the Hilda Substation would have existed in a fenced area of approximately 45 by 40 metres and included the following equipment:

- two (2) 138 kV circuit breakers and associated equipment; and
- one (1) control building.

#### **Contact us**

We are available to address any questions or concerns you may have. Please contact us at [stakeholderrelations@altalink.ca](mailto:stakeholderrelations@altalink.ca) or 1-877-267-1453. You can also view more information about the project at <http://www.altalink.ca/projects/view/287/invenergy-hilda-substation-interconnection>.

Sincerely,

Dave Lee  
Manager, Consultation
