197L Line Rebuild Notice of Project Approval

Thank you for your ongoing participation in the 197L Line Rebuild project. The Alberta Utilities Commission (AUC) approved this project for construction on February 5, 2019.

Next steps

Where construction activities are required to take place on private property, we will contact you in advance to discuss the specific dates and times we will require access to your property.

Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- transmission structure construction
- wire stringing on the transmission structures
- de-stringing and pole removal activities
- reclamation activities

AUC approval

When the AUC approves a transmission project, it grants AltaLink permits and licences. The permits and licences for this project can be viewed on the AUC website at:

<https://www2.auc.ab.ca/Proceeding23880/SitePages/Home.aspx>

To view the above link, you will need to log in to your eFiling account. If you do not have an account, select 'New Account' in the Login box and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

If you have any issues accessing these permits and licences, please contact us at the details below and we will mail copies of the documents to you.

Project background

We are proposing to relocate approximately 16 kilometres of the existing 197L transmission line, which is located approximately one kilometre east of Stavely in the Municipal District of Willow Creek, along Township Road 142.

This transmission line has reached the end of its lifecycle and needs to be replaced as part of AltaLink's ongoing maintenance program. This project will ensure that the area continues to have a reliable source of electricity for years to come.

Contact us

We are available to address any questions or concerns you may have. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453. Further information about this project and maps are available at AltaLink project page URL.

For concerns regarding construction, please contact Serge Laforest, ROW Access Coordinator, at 403-461-1749.

Sincerely,

Dave Lee
Manager, Stakeholder Engagement
