Vista Coal Mine Connection
Notice of application filing

Thank you for your ongoing participation in the Vista Coal Mine Connection project. We submitted an application for the project to the Alberta Utilities Commission (AUC) on August 28, 2018.

Next steps

The AUC will review the application and can approve, approve with conditions or deny the project. The AUC may also host a hearing regarding the project. To learn more about the AUC process and how you can become involved, please visit www.auc.ab.ca

We will notify you of the AUC's decision regarding the Project. Where construction activities are required to take place on private property, we will contact you in advance to discuss the specific dates and times we will require access to your property.

If the project is approved, you may see or hear the following during the construction process:

- noise and construction crews
- transmission structure construction
- wire stringing on the transmission structures

The application

The application can be viewed on the AUC's website at www.auc.ab.ca.

To access the application, click on the 'eFiling System Login' button at the top of the page and log in to your eFiling account. If you do not have an account, select 'New Account' and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca

Once your account has been created and you have successfully logged in, enter the proceeding number 23849 into the 'Go to...' search bar at the top of the page to locate the application. Alternatively, you can navigate to 'Find', click 'Proceedings' and enter "Vista" into the 'Description' search bar.

If you have any issues accessing the application, please contact us at the details below and we will mail a copy of the application to you.

Project background

Coalspur Mines (Operations) Ltd. (Coalspur) has requested a connection to the transmission system for their approved Vista Coal Mine Project.

The proposed project involves constructing approximately 85 metres of new 138kV transmission line to connect Coalspur's Vista 1029S Substation to AltaLink's existing 847L transmission line, and modify approximately 150 metres of the existing 847L.
