Empress Substation Upgrade Notice of application filing

Thank you for your ongoing participation in the Empress Substation Upgrade project. We submitted our facility application for the project to the Alberta Utilities Commission (AUC) on July 31, 2018.

Next steps

The AUC will review the application and can approve, approve with conditions or deny the project. The AUC may also host a hearing regarding the project. To learn more about the AUC process and how you can become involved please visit www.auc.ab.ca.

If the application is approved, you may see or hear the following during the construction process:

- noise and construction crews
- work at an existing substation

The application

The application (no. 23797) can be viewed on the AUC's website at www.auc.ab.ca.

To access the application, click on the 'eFiling System Login' button on the left side of the page and log in to your eFiling account. If you do not have an account, select 'New Account' and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

Once your account has been created and you have successfully logged in, enter 23797 into the 'Go to...' search bar on the left side of the page to locate the application. Alternatively, you can navigate to 'Find', click 'Proceedings' and enter "Empress" into the 'Description' search bar.

If you have any issues accessing the application or would like a printed copy, please contact us at the details below and we will mail a copy of the application to you.

Project background

AltaLink is proposing to upgrade equipment at the existing Empress Substation, which is located approximately 30 kilometres south of the village of Empress in Cypress County. This upgrade will ensure Albertans have a reliable supply of electricity for years to come.

Contact us

AltaLink is available to gather any further input you have or address any questions or concerns. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453.

Further information about this project and maps are available at:
