

August 31, 2018

Empress 163S Circuit Switcher Replacement Notice of project approval

Thank you for your ongoing participation in the Empress 163S Circuit Switcher Replacement project. The Alberta Utilities Commission (AUC) approved this project for construction on August 24, 2018.

Next steps

Preliminary construction will begin on September 4, 2018 and we anticipate it will take two months to complete.

Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- work at an existing substation

AUC approval

When the AUC approves a transmission project, it grants AltaLink permits and licences. The permits and licences for this project can be viewed on the AUC website at www.auc.ab.ca.

To view the above link, you will need to log in to your eFiling account. If you do not have an account, select 'New Account' in the Login box and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

If you have any issues accessing these permits and licences, please contact us at the details below and we will mail copies of the documents to you.

Project background

We are proposing to upgrade equipment at the existing Empress Substation, which is located approximately 30 kilometres south of the village of Empress in Cypress County.

Contact us

We are available to address any questions or concerns you may have. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453. Further information about this project and maps are available at <http://www.altalink.ca/projects/view/303/empres-substation-upgrade>.

Sincerely,

Dave Lee
Manager, Stakeholder Engagement
