Judy Creek 515S Substation Transformer Upgrade Notice of project approval

Thank you for your ongoing participation in the Judy Creek 515S Substation Transformer Upgrade project. The Alberta Utilities Commission (AUC) approved this project for construction on September 28, 2018.

Next steps

Construction began at the substation site in mid-October 2018 and is anticipated to be completed by the end of November 2018. Where construction activities are required to take place on private property, we will contact you in advance to discuss the specific dates and times we will require access to your property.

Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- activity at an existing substation
- a mobile substation adjacent to the existing substation

AUC approval

When the AUC approves a transmission project, it grants AltaLink permits and licences. The permits and licences for this project can be viewed on the AUC website at:

<https://www2.auc.ab.ca/Proceeding23816/SitePages/Home.aspx>

To view the above link, you will need to log in to your eFiling account. If you do not have an account, select 'New Account' in the Login box and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

If you have any issues accessing these permits and licences, please contact us at the details below and we will mail copies of the documents to you.

Project background

We are replacing the existing 69 kilovolt (kV) transformer with another 69 kV transformer to address performance issues at the existing Judy Creek Substation in NE-34-63-10-W5M.

Contact us

We are available to address any questions or concerns you may have. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453. Further information about this project and maps are available at <http://www.altalink.ca/projects/view/307/judy-creek-substation-upgrade>.

Sincerely,

Dave Lee, Manager, Stakeholder Engagement
