

November 20, 2018

Telecommunications Tower Replacement for Ware Junction
132S Substation

Notice of Project Approval

Thank you for your ongoing participation in the Telecommunications Tower Replacement for the Ware Junction 132S Substation project. The Alberta Utilities Commission (AUC) approved this project for construction on November 1, 2018.

Next steps

Preliminary construction will begin on June 1, 2019 and we anticipate it will take three months to complete.

Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- activity at the existing substation
- telecommunications tower construction

AUC approval

When the AUC approves a transmission project, it grants AltaLink Permits and Licences. The Permits and Licences for this project can be viewed on the AUC website at:

<https://www2.auc.ab.ca/Proceeding23977/SitePages/ViewDispositions.aspx>

To view the above link, you will need to log in to your eFiling account. If you do not have an account, select 'New Account' in the Login box and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca. If you have any issues accessing these Permits and Licences, please contact us at the details below and we will mail copies of the documents to you.

Project background

AltaLink is proposing to replace an existing telecommunications tower at the Ware Junction Substation. Replacing this tower will allow us to maintain the safety and reliability of the electric system in the area.

Contact us

We are available to address any questions or concerns you may have. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453. Further information about this project and maps are available at AltaLink project page URL.

Sincerely,

Dave Lee
Manager, Stakeholder Engagement
