545S Provost Substation Upgrade Notice of Project Approval

Thank you for your ongoing participation in the 545S Provost Substation Upgrade project. The Alberta Utilities Commission (AUC) approved this project for construction on May 16, 2019.

Next steps

Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- work at an existing substation

AUC approval

When the AUC approves a transmission project, it grants AltaLink permits and licences. The permits and licences for this project can be viewed on the AUC website at:

<https://www2.auc.ab.ca/Proceeding24544/SitePages/Home.aspx>

To view the above link, you will need to log in to your eFiling account. If you do not have an account, select 'New Account' in the Login box and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

If you have any issues accessing these permits and licences, please contact us at the details below and we will mail copies of the documents to you.

Project background

The proposed project involves equipment upgrades at the existing 545S Provost Substation, located at NW-7-39-2-W4, west of the town of Provost in the Municipal District of Provost. The proposed substation upgrade includes installing a new switchgear building with circuit breakers and replacing and upgrading other associated equipment (the Project).

Contact us

We are available to address any questions or concerns you may have. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453. Further information about this project and maps are available at AltaLink project page <http://www.altalink.ca/projects/view/314/545s-provost-substation-upgrade>.

Sincerely,

Dave Lee
