Devon 14S Substation Telecommunication Tower Replacement Notice of Project Approval

Thank you for your ongoing participation in the Devon 14S Telecom Tower Replacement project. The Alberta Utilities Commission (AUC) approved this project for construction on May 1, 2019.

Next steps

We plan to start construction in June 2019 and anticipate it will take approximately three months to complete.

Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- work at an existing substation

AUC approval

When the AUC approves a transmission project, it grants AltaLink permits and licences. The permits and licences for this project can be viewed on the AUC website at:

<https://www2.auc.ab.ca/Proceeding24510/SitePages/ViewDispositions.aspx>

To view the above link, you will need to log in to your eFiling account. If you do not have an account, select 'New Account' in the Login box and follow the steps onscreen. Please note, any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

If you have any issues accessing these permits and licences, please contact us at the details below and we will mail copies of the documents to you.

Project background

The proposed project involves replacing the existing telecommunications tower at the Devon Substation with a new, taller tower. The project is located on the east side of the Town of Devon, in SE 34-50-26-W4.

Contact us

We are available to address any questions or concerns you may have. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453. Further information about this project and maps are available at AltaLink project page <http://www.altalink.ca/projects/view/316/14s-devon-radio-telecommunications-tower-replacement>.

Sincerely,

Dave Lee
