## **Greengate Travers Solar Connection Project Notice of project approval**

Thank you for your ongoing participation in the Greengate Travers Solar Connection project. The Alberta Utilities Commission (AUC) approved this project for construction on October 30, 2019.

### **Next steps**

We plan to begin construction in October 2020 and anticipate it will take approximately two months to complete. Where construction activities are required to take place on private property, we will contact you in advance to discuss the specific dates and times we will require access to your property.

Depending on where you are in relation to the project, you may see or hear (include all that apply):

- noise and construction crews
- transmission structure construction
- wire stringing on the transmission structures

### **AUC approval**

When the AUC approves a transmission project, it grants AltaLink Permits and Licences. The Permits and Licences for this project can be viewed on the AUC website at:

<https://www2.auc.ab.ca/Proceeding24848/SitePages/Home.aspx>

To view the above link, you will need to log in to your eFiling account. If you do not have an account, select 'New Account' in the Login box and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at [info@auc.ab.ca](mailto:info@auc.ab.ca).

If you have any issues accessing these Permits and Licences, please contact us at the details below and we will mail copies of the documents to you.

### **Project background**

AltaLink is proposing to connect Greengate's proposed transmission line to the electric system by connecting it to AltaLink's existing 1005L transmission line. The proposed project involves modifying the 1005L circuit, which forms part of AltaLink's existing 240 kilovolt (kV) double circuit 1005L/1036L transmission line.

AltaLink is also proposing to install a new telecommunications tower, approximately 22 m tall, inside Greengate's Little Bow Substation.

## Contact us

We are available to address any questions or concerns you may have. Please contact us at [stakeholderrelations@altalink.ca](mailto:stakeholderrelations@altalink.ca) or 1-877-267-1453. Further information about this project and maps are available at <http://www.altalink.ca/projects/view/317/travers-solar-connection-project>.

Sincerely,

Dave Lee

Manager, Stakeholder Engagement
