East Calgary 5S Substation Upgrade Notice of Application Filing

Thank you for your ongoing participation in the East Calgary 5S Substation Upgrade. We submitted an application for the project to the Alberta Utilities Commission (AUC) on May 17, 2019.

Next steps

The AUC will review the application and can approve, approve with conditions or deny the project. The AUC may also host a hearing regarding the project. To learn more about the AUC process and how you can become involved please visit www.auc.ab.ca.

The application

The application can be viewed on the AUC's website at www.auc.ab.ca.

To access the application, click on the 'eFiling System Login' button on the top of the page and log in to your eFiling account. If you do not have an account, select 'New Account' and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

Once your account has been created and you have successfully logged in, enter the proceeding number 24587 into the 'Go to...' search bar on the top of the page to locate the application. Alternatively, you can navigate to 'Find', click 'Proceedings' and enter "5S" into the 'Description' search bar.

If you have any issues accessing the application, please contact us at the details below and we will mail a copy of the application to you.

Project background

The proposed project involves equipment upgrades at the existing 5S East Calgary Substation, located at SW-11-24-1-W5M, in the City of Calgary, along Blackfoot Trail southeast of Stampede Park.

The proposed substation upgrade includes:

- replacing an existing capacitor bank with a new capacitor bank
- replacing an existing circuit switcher with a new circuit breaker
- upgrades to protection and control equipment

All work will take place on AltaLink-leased land and no fence expansion will be required for this project.
