

July 18, 2019

186S Dry Creek Telecommunications Tower Extension Notice of Project Approval

Thank you for your ongoing participation in the 186S Dry Creek Substation Telecommunications Tower Extension project. The Alberta Utilities Commission (AUC) approved this project for construction on July 4, 2019.

Next steps

We plan to begin construction in September 2019 and anticipate it will take approximately three months to complete.

Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- work at an existing substation

AUC approval

When the AUC approves a transmission project, it grants AltaLink Permits and licences. The permits and licences for this project can be viewed on the AUC website at:

<https://www2.auc.ab.ca/Proceeding24651/SitePages/Home.aspx>

To view the above link, you will need to log in to your eFiling account. If you do not have an account, select 'New Account' in the Login box and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

If you have any issues accessing these Permits and Licences, please contact us at the details below and we will mail copies of the documents to you.

Project background

The proposed project involves building an extension onto the existing telecommunications tower at the 186S Dry Creek Substation. The project is located on AltaLink-owned land in SW-25-26-1-W5M, near the corner of 8th Street SW and Township Road 264 in the City of Airdrie.

Contact us

We are available to address any questions or concerns you may have. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453. Further information about this project and maps are available at AltaLink project page <http://www.altalink.ca/projects/view/323/186s-dry-creek-telecommunications-tower-extension-project>.

Sincerely,

Dave Lee
