**Winnifred Wind Power Connection  
Notice of project cancellation**

Thank you for your participation in the Winnifred Wind Power Connection project.

You may have previously received information in October 2019 regarding Enerfin Energy Company of Canada Inc.'s (Enerfin) request to be connected to the transmission system for their proposed Winnifred Wind Power Project.

Enerfin is still requesting to be connected to the transmission system, but the project requirements and location have changed.

If you are no longer near the project area, you will not receive any further updates. If you are located near the new project area, then you will receive a separate newsletter with the new details.

If you have any questions about Enerfin's project, please contact Enerfin at their website [www.winnifredwindproject.ca](http://www.winnifredwindproject.ca).

**Contact us**

We are available to address any questions or concerns you may have. Please contact us at [stakeholderrelations@altalink.ca](mailto:stakeholderrelations@altalink.ca) or 1-877-267-1453. You can also view more information about the project at <http://www.altalink.ca/projects>.

Sincerely,

Dave Lee  
Manager, Consultation
