

NOTES

Construction Workspace and Access will be located within AltaLink's existing 740L and 874L Right of Way.

Approximately 20 metres x 30 metres of additional Proposed Construction Workspace will be required adjacent to AltaLink's existing 740L Right of Way.

The Proposed Temporary By-Pass will be located within AltaLink's existing 740L and 874L Right of Way.

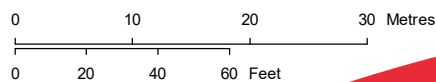

The Proposed Temporary By-Pass Transmission Line and Structures shown are approximate. The exact locations will be determined after further engineering and surveys.
