## **North Holden Fibre Optic Build Notice of application filing**

Thank you for your ongoing participation in the North Holden Fibre Optic Build project. We submitted an application for the project to the Alberta Utilities Commission (AUC) on December 18, 2020.

### **Next steps**

The AUC will review the application and can approve, approve with conditions or deny the project. The AUC may also host a hearing regarding the project. To learn more about the AUC process and how you can become involved please visit [www.auc.ab.ca](http://www.auc.ab.ca).

Where construction activities are required to take place on private property, we will contact you in advance to discuss the specific dates and times we will require access to your property.

### **The application**

The application can be viewed on the AUC's website at <https://www2.auc.ab.ca/Proceeding26176/ProceedingDocuments/Forms/AllItems.aspx>

To access the application, click on the 'eFiling System Login' button on the top of the page and log in to your eFiling account. If you do not have an account, select 'New Account' and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at [info@auc.ab.ca](mailto:info@auc.ab.ca)

Once your account has been created and you have successfully logged in, enter Filing number 26176 into the 'Go to...' search bar on the top of the page to locate the application. Alternatively, you can navigate to 'Find', click 'Proceedings' and enter "North Holden" into the 'Description' search bar.

If you have any issues accessing the application, please contact us at the details below and we will mail a copy of the application to you.

### **Project background**

AltaLink's proposed project includes the installation of approximately four kilometres of underground fibre optic cable. AltaLink has proposed installing the underground fibre optic cable from a structure on an existing ATCO Electric Ltd. (ATCO) transmission line to AltaLink's North Holden Substation located in Beaver County, approximately five kilometres (km) north of the Village of Holden. AltaLink's proposed project will support Pattern Development Lanfine Wind ULC.'s wind power project (the Lanfine North Wind Power Project), which is located near Oyen, Alberta.

## Contact us

We are available to address any questions or concerns you may have. Please contact us at [stakeholderrelations@altalink.ca](mailto:stakeholderrelations@altalink.ca) or 1-877-267-1453. Further information about this project and maps are available at <http://www.altalink.ca/projects/view/342/north-holden-fibre-optic-build>.

Sincerely,

Dave Lee  
Manager, Stakeholder Engagement
