Solar Krafte Vauxhall Connection – Notice of application filing

Thank you for your ongoing participation in the Solar Krafte Vauxhall Connection Project. We submitted an application for the project to the Alberta Utilities Commission (AUC) on August 31, 2023.

Next steps

The AUC will review the application and can approve, approve with conditions, or deny the project. The AUC may also host a hearing regarding the project. To learn more about the AUC process and how you can become involved, please visit www.auc.ab.ca.

Where construction activities are required to take place on private property, we will contact you in advance to discuss the specific dates and times we will require access to your property.

The application

The application can be viewed on the AUC's website at www.auc.ab.ca.

To access the application, click on the 'eFiling System Login' button on the top of the page and log in to your eFiling account. If you do not have an account, select 'New Account' and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

Once your account has been created and you have successfully logged in, type "28440" into the 'Go to...' search bar on the top of the page to locate the application. Alternatively, you can navigate to 'Find', click 'Proceedings' and enter "Solar Krafte" into the 'Description' search bar.

If you have any issues accessing the application, please contact us at the details below and we will mail a copy of the application to you.

Project background

Solar Krafte Utilities Inc. (Solar Krafte) is proposing to construct a new substation as part of their proposed Vauxhall Solar Farm in the Municipal District of Taber, approximately three kilometres north of the Town of Vauxhall.

To connect the Vauxhall Solar Farm to the grid, AltaLink is proposing to:

- construct approximately 100 metres of new 138 kilovolt (kV) transmission line between an existing transmission line (called 763L) and Solar Krafte's proposed Solstice Substation, located in SE-20-13-16 W4
- install approximately three kilometres of fibre optic cable in the road allowance between AltaLink's existing Vauxhall Substation and Solar Krafte's Solstice Substation

Contact us

We are available to address any questions or concerns you may have. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453. Further information about this project and maps are available at <https://www.altalink.ca/projects/view/343/solar-krafte-vauxhall-connection>

Sincerely,

Kris Gladue
Manager, Stakeholder Engagement
