207L Transmission Line Relocation

Notice of application filing

Thank you for your ongoing participation in the 207L Transmission Line Relocation. We submitted an application for the project to the Alberta Utilities Commission (AUC) on August 24, 2020.

Next steps

The AUC will review the application and can approve, approve with conditions or deny the project. The AUC may also host a hearing regarding the project. To learn more about the AUC process and how you can become involved please visit www.auc.ab.ca.

Where construction activities are required to take place on private property, we will contact you in advance to discuss the specific dates and times we will require access to your property.

The application

The application can be viewed on the AUC's website at www.auc.ab.ca.

To access the application, click on the 'eFiling System Login' button on the top of the page and log in to your eFiling account. If you do not have an account, select 'New Account' and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca

Once your account has been created and you have successfully logged in, enter Filing number 25824 into the 'Go to...' search bar on the top of the page to locate the application. Alternatively, you can navigate to 'Find', click 'Proceedings' and enter "207L" into the 'Description' search bar.

If you have any issues accessing the application, please contact us at the details below and we will mail a copy of the application to you.

Project background

AltaLink is proposing to rebuild a section of an existing 138 kilovolt (kV) transmission line. The original transmission line was constructed in 1964 and needs to be rebuilt and relocated to maintain the safety and reliability of the electric system.

The proposed project is located in the City of Lethbridge, west of the Galt Museum and Archives in NE-36-8-22-W4M, and involves rebuilding approximately 700 metres of 138 kV transmission line along a new alignment. This segment of the existing transmission line is being rebuilt for maintenance and safety reasons.

Contact us

We are available to address any questions or concerns you may have. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453. Further information about this project and maps are available at <http://www.altalink.ca/projects/view/349/207l-transmission-line-relocation>

Sincerely,

Dave Lee
Manager, Stakeholder Engagement
