Lambton Telecommunications Tower Salvage

Notice of application filing and project approval

Thank you for your ongoing participation in the Lambton Telecom Tower Salvage project. We submitted an application for the project to the Alberta Utilities Commission (AUC) on January 14, 2021. The Alberta Utilities Commission (AUC) approved this project for construction on January 21, 2021.

Next steps

All work related to this salvage, including the potential use of cranes, will occur on land owned by EPCOR. Access to private property is not required.

Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- work at an existing substation
- salvage of an existing telecommunications tower

AltaLink has strict standards by which we operate, including restricting work hours to between 7 a.m and 7 p.m. to reduce the impacts to local residents and businesses, ensuring safe construction practices and following environmental protection measures

AUC approval

When the AUC approves a transmission project, it grants AltaLink permits and licences. The permits and licences for this project can be viewed on the AUC website at:

<https://www2.auc.ab.ca/Proceeding26237/SitePages/Home.aspx>

To view the above link, you will need to log in to your account. If you do not have an account, select 'New Account' in the Login box and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

Once your account has been created and you have successfully logged in, enter Filing number 26237 into the 'Go to...' search bar on the top of the page to locate the application. Alternatively, you can navigate to 'Find', click 'Proceedings' and enter "Lambton" into the 'Description' search bar.

If you have any issues accessing these permits and licences, please contact us at the details below and we will mail copies of the documents to you.

Project background

AltaLink's telecommunications tower located inside EPCOR's Lambton Substation is no longer required so we have proposed removing it and have received approvals to do so. The Lambton Substation is located in NW-13-52-24-W4 in the City of Edmonton.

Contact us

We are available to address any questions or concerns you may have. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453. Further information about this project and maps are available at <http://www.altalink.ca/project-files/updates/353/Lambton%20Telecom%20Tower%20Salvage%20Newsletter%20-%20FINAL.pdf>

Sincerely,

Dave Lee
