## **Cynthia Radio Site Telecommunications Tower Replacement Project update – location correction**

You are receiving this letter because you are a stakeholder on the proposed Cynthia Radio Site Telecommunications Tower Replacement.

### **Location correction**

In March 2020, we sent you an information package about the proposed project that included an incorrect location for the Cynthia Radio Site and we want to provide you with the correct information.

In the information package, the location of the Cynthia Radio Site was stated as NW-24-50-11-W4. The correct location for this site is NW-24-50-11-W5, which is approximately seven kilometres northwest of the Hamlet of Cynthia.

We apologize for any confusion.

### **Project background**

The Cynthia Radio Site has reached the end of its life, so AltaLink is proposing to replace it as part of our ongoing maintenance program to allow us to maintain the safety and reliability of the electric system in the area.

### **Contact us**

We are available to address any questions or concerns you may have. Please contact us at [stakeholderrelations@altalink.ca](mailto:stakeholderrelations@altalink.ca) or 1-877-267-1453. Further information about this project and maps are available on [www.altalink.ca/projects](http://www.altalink.ca/projects). You will find the project in the list in alphabetical order.

Sincerely,

Dave Lee  
Manager, Stakeholder Engagement
