## **North Lethbridge 370S Substation Modifications Notice of application filing**

Thank you for your ongoing participation in the North Lethbridge 370S Substation Upgrade. We submitted an application for the project to the Alberta Utilities Commission (AUC) on August 19, 2021.

### **Next steps**

The AUC will review the application and can approve, approve with conditions or deny the project. The AUC may also host a hearing regarding the project. To learn more about the AUC process and how you can become involved please visit [www.auc.ab.ca](http://www.auc.ab.ca).

The application can be viewed on the AUC's website at:

<https://www2.auc.ab.ca/Proceeding26784/SitePages/Home.aspx>

To access the application, click on the 'eFiling System Login' button on the top of the page and log in to your eFiling account. If you do not have an account, select 'New Account' and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at [info@auc.ab.ca](mailto:info@auc.ab.ca).

Once your account has been created and you have successfully logged in, enter Filing number 26784 into the 'Go to...' search bar on the top of the page to locate the application. Alternatively, you can navigate to 'Find', click 'Proceedings' and enter "North Lethbridge" into the 'Description' search bar.

If you have any issues accessing the application, please contact us at the details below and we will mail a copy of the application to you.

### **Project background**

The project involves equipment upgrades at the existing North Lethbridge Substation located in the City of Lethbridge in SW-18-9-21-W4.

The upgrade would add one new 138 kV (kilovolt) circuit breaker and associated equipment to the substation.

All work will take place on AltaLink owned land and no fence expansion will be required.
