## **Solar Krafte Brooks Connection Notice of application filing**

Thank you for your ongoing participation in the Solar Krafte Brooks Connection project. AltaLink submitted an application for the project to the Alberta Utilities Commission (AUC) on March 31, 2022.

### **Project background**

The proposed project is located in NE-29-18-15 W4, in the County of Newell, approximately seven kilometres west of the City of Brooks.

Solar Krafte Utilities Inc. (Solar Krafte) has requested a connection to the transmission system for their proposed Brooks Solar Farm. To facilitate this connection, AltaLink is proposing to construct a transmission line to connect Solar Krafte's proposed new substation and solar farm to the electric system. Although AltaLink's project is separate from Solar Krafte's project, it is required to facilitate the connection of their project. Solar Krafte has filed an application to the AUC for their proposed project.

### **Next steps**

The AUC will review AltaLink's application and can approve, approve with conditions, or deny the project. The AUC may also host a hearing regarding the project. To learn more about the AUC process and how you can become involved please visit [www.auc.ab.ca](http://www.auc.ab.ca).

Where construction activities are required to take place on private property, AltaLink will contact you in advance to discuss the specific dates and times we will require access to your property.
