Tofield Radio Site Telecommunications Tower Salvage – Project Cancellation

Thank you for your participation in the Tofield Radio Site Telecommunications Tower Salvage. You may have received information regarding this project in February 2022.

AltaLink was proposing to remove the existing telecommunications tower and associated equipment at the 9363R Tofield Radio Site. This letter is to inform you that the project is now cancelled. The land that the telecommunications tower is located on has been purchased by a third-party and it has been determined that the tower no longer needs to be removed.
