East Airdrie Substation Transformer Replacement Notice of application filing and approval

Thank you for your ongoing participation in the East Airdrie Substation Transformer Replacement project. We submitted an application for the project to the Alberta Utilities Commission (AUC) on July 12, 2022. The Alberta Utilities Commission (AUC) approved this project for construction on July 15, 2022.

Next steps

We plan to begin construction on August 29, 2022. Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- work at an existing substation

AUC Approval

When the AUC approves a transmission project, it grants AltaLink Permits and licences. The permits and licences for this project can be viewed on the AUC website at:

<https://www2.auc.ab.ca/Proceeding27515/SitePages/Home.aspx>

To access the application, click on the 'eFiling System Login' button on the top of the page and log in to your eFiling account. If you do not have an account, select 'New Account' and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

Once your account has been created and you have successfully logged in, enter Filing number 27515 into the 'Go to...' search bar on the top of the page to locate the application. Alternatively, you can navigate to 'Find', click 'Proceedings' and enter "Airdrie" into the 'Description' search bar.

If you have any issues accessing the application, please contact us at the details below and we will mail a copy of the application to you.

Project background

The transformer at the East Airdrie Substation is reaching the end of its life cycle, and we are proposing to replace it. This project is part of AltaLink's Capital Replacement and Upgrade program and will ensure that the area continues to have a reliable source of electricity for years to come.

The proposed project involves equipment upgrades at the existing East Airdrie Substation, located in the City of Airdrie in SW-14-27-29-W4M.

The proposed upgrade would replace the existing transformer at the East Airdrie Substation with a new 138 kV (kilovolt) transformer and associated equipment.

All work will take place on AltaLink owned land, and no fence expansion will be required.

Contact us

We are available to address any questions or concerns you may have. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453. Further information about this project and maps are available at <https://www.altalink.ca/projects/view/391/east-airdrie-substation-transformer-replacement>.

Sincerely,

Kris Gladue
Manager, Indigenous Relations and Consultation
