

April 23, 2025

**113L Transmission Line Structure Relocation
Notice of project amendment approval**

Thank you for your ongoing participation in the 113L Transmission Line Structure Relocation. The Alberta Utilities Commission (AUC) approved the amendment for this project for construction on April 10, 2025.

Next steps

Following the AUC's approval of the project on April 10, 2025, we began construction in April 2025 and anticipate construction to be complete in May 2025.

Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- work near an existing substation

AUC Approval

When the AUC approves a transmission project, it grants AltaLink Permits and licences. The permits and licences for this project can be viewed on the AUC website at:
<https://www2.auc.ab.ca/Proceeding29967/SitePages/Home.aspx>.

To view the above link, you will need to log in to your eFiling account. If you do not have an account, select 'New Account' in the Login box and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca

If you have any issues accessing these Permits and Licences, please contact us at the phone number or email address below and we will mail a copy of the application to you.

Project background

A structure on AltaLink's 113L Transmission Line is deteriorating and needs to be urgently replaced. The project is adjacent to AltaLink's Ghost Substation near the Ghost Dam berm.

AltaLink was previously proposing to remove one structure and add two new structures. The project has been amended to add three new structures instead.

Contact us

We are available to address any questions or concerns you may have. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453. Further information about this project and maps are available at <https://www.altalink.ca/project/113l-transmission-line-structure-relocation/>.

Sincerely,
Kris Gladue
