## **Cypress Wind Power Connection Notice of application filing**

Thank you for your ongoing participation in the Cypress Wind Power Connection. We submitted an application for the project to the Alberta Utilities Commission (AUC) on March 30, 2020.

### **Next steps**

The AUC will review the application and can approve, approve with conditions or deny the project. The AUC may also host a hearing regarding the project. To learn more about the AUC process and how you can become involved please visit [www.auc.ab.ca](http://www.auc.ab.ca).

Where construction activities are required to take place on private property, we will contact you in advance to discuss the specific dates and times we will require access to your property.

### **The application**

The application can be viewed on the AUC's website at [www.auc.ab.ca](http://www.auc.ab.ca).

To access the application, click on the 'eFiling System Login' button on the top of the page and log in to your eFiling account. If you do not have an account, select 'New Account' and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at [info@auc.ab.ca](mailto:info@auc.ab.ca)

Once your account has been created and you have successfully logged in, enter Filing number 25466 into the 'Go to...' search bar on the top of the page to locate the application. Alternatively, you can navigate to 'Find', click 'Proceedings' and enter "Cypress" into the 'Description' search bar.

If you have any issues accessing the application, please contact us at the details below and we will mail a copy of the application to you.

### **Project background**

Cypress Renewable Energy Centre LP. (Cypress) has requested a connection to the transmission system for their proposed Cypress Wind Power Project. The Cypress Wind Power project will supply electricity to the grid through their proposed Woolchester Substation.

AltaLink is proposing to construct a new transmission line, to connect Cypress' proposed Woolchester Substation to the electric system by connecting it to an existing AltaLink transmission line in the area. The proposed project is located approximately 18 km southeast of the City of Medicine Hat.
