Horse Creek Telecommunications Tower Replacement Notice of application filing and project approval

Thank you for your ongoing participation in the Horse Creek Telecommunications Tower Replacement project. We submitted an application for the project to the Alberta Utilities Commission (AUC) on March 10, 2021. The Alberta Utilities Commission (AUC) approved this project for construction on March 16, 2021.

Next steps

Where construction activities are required to take place on private property, we will contact you in advance to discuss the specific dates and times we will require access to your property. Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- work at an existing substation
- salvage of existing telecommunications tower
- installation of new telecommunications tower

AUC approval

When the AUC approves a transmission project, it grants AltaLink permits and licences. The permits and licences for this project can be viewed on the AUC website at:

<https://www2.auc.ab.ca/Proceeding26376/SitePages/Home.aspx>

To view the above link, you will need to log in to your eFiling account. If you do not have an account, select 'New Account' in the Login box and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca

Once your account has been created and you have successfully logged in, enter Filing number 26376 into the 'Go to...' search bar on the top of the page to locate the application.

Alternatively, you can navigate to 'Find', click 'Proceedings' and enter "horse creek" into the 'Description' search bar.

If you have any issues accessing these Permits and Licences, please contact us at the details below and we will mail copies of the documents to you.

Project background

The proposed project involves constructing a new telecommunications tower at the Horse Creek Substation in NE-16-26-4-W5, approximately one kilometre north of the Town of Cochrane. This will include removing the existing 33.5 metre tall telecommunications tower inside the substation, and installing one new self-supporting tower that is approximately 40 metres tall.

Contact us

We are available to address any questions or concerns you may have. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453. Further information about this project and maps are available at <http://www.altalink.ca/projects/view/350/horse-creek-telecommunications-tower-replacement>.

Sincerely,

Dave Lee
Manager, Stakeholder Engagement
