607L Transmission Line Structure Relocations
Notice of application approval and construction

Thank you for your ongoing participation in the 607L Transmission Line Structure Relocations. We submitted an application for the project to the Alberta Utilities Commission (AUC) on April 3, 2025. The Alberta Utilities Commission (AUC) approved this project for construction on April 11, 2025, and construction for this project was completed on April 14, 2025.

AUC Approval

When the AUC approves a transmission project, it grants AltaLink Permits and Licenses. The permits and licences for this project can be viewed on the AUC website at:
<https://www2.auc.ab.ca/proceeding/29959>

To access the application, click on the 'eFiling System Login' button on the top of the page and log in to your eFiling account. If you do not have an account, select 'New Account' and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca

Once your account has been created and you have successfully logged in, enter Filing number 29959 into the 'Go to...' search bar on the top of the page to locate the application. Alternatively, you can navigate to 'Find', click 'Proceedings' and enter AML 607 into the 'Description' search bar.

If you have any issues accessing the application, please contact us at the details below and we will mail a copy of the application to you.

Project background

To accommodate the Alberta Transportation and Economic Corridors (ATEC) Highway 3 twinning project, AltaLink moved and replace four structures along the 607L transmission line to allow for high load clearance. The project was constructed approximately 10 kilometres east of the town of Taber, in the Municipal District of Taber.

Contact us

We are available to address any questions or concerns you may have. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453. Further information about this project and maps are available at <https://www.altalink.ca/project/607l-transmission-line-structure-relocations/>

Sincerely,

Kris Gladue
