**PROPOSED**  
 853AL Transmission Line Relocation -  
 Snake Lake Reservoir Expansion

*Although there is no reason to believe that there are any errors associated with the data used to generate this product or in the product itself, users of these data are advised that errors in the data may be present.*

### NOTES

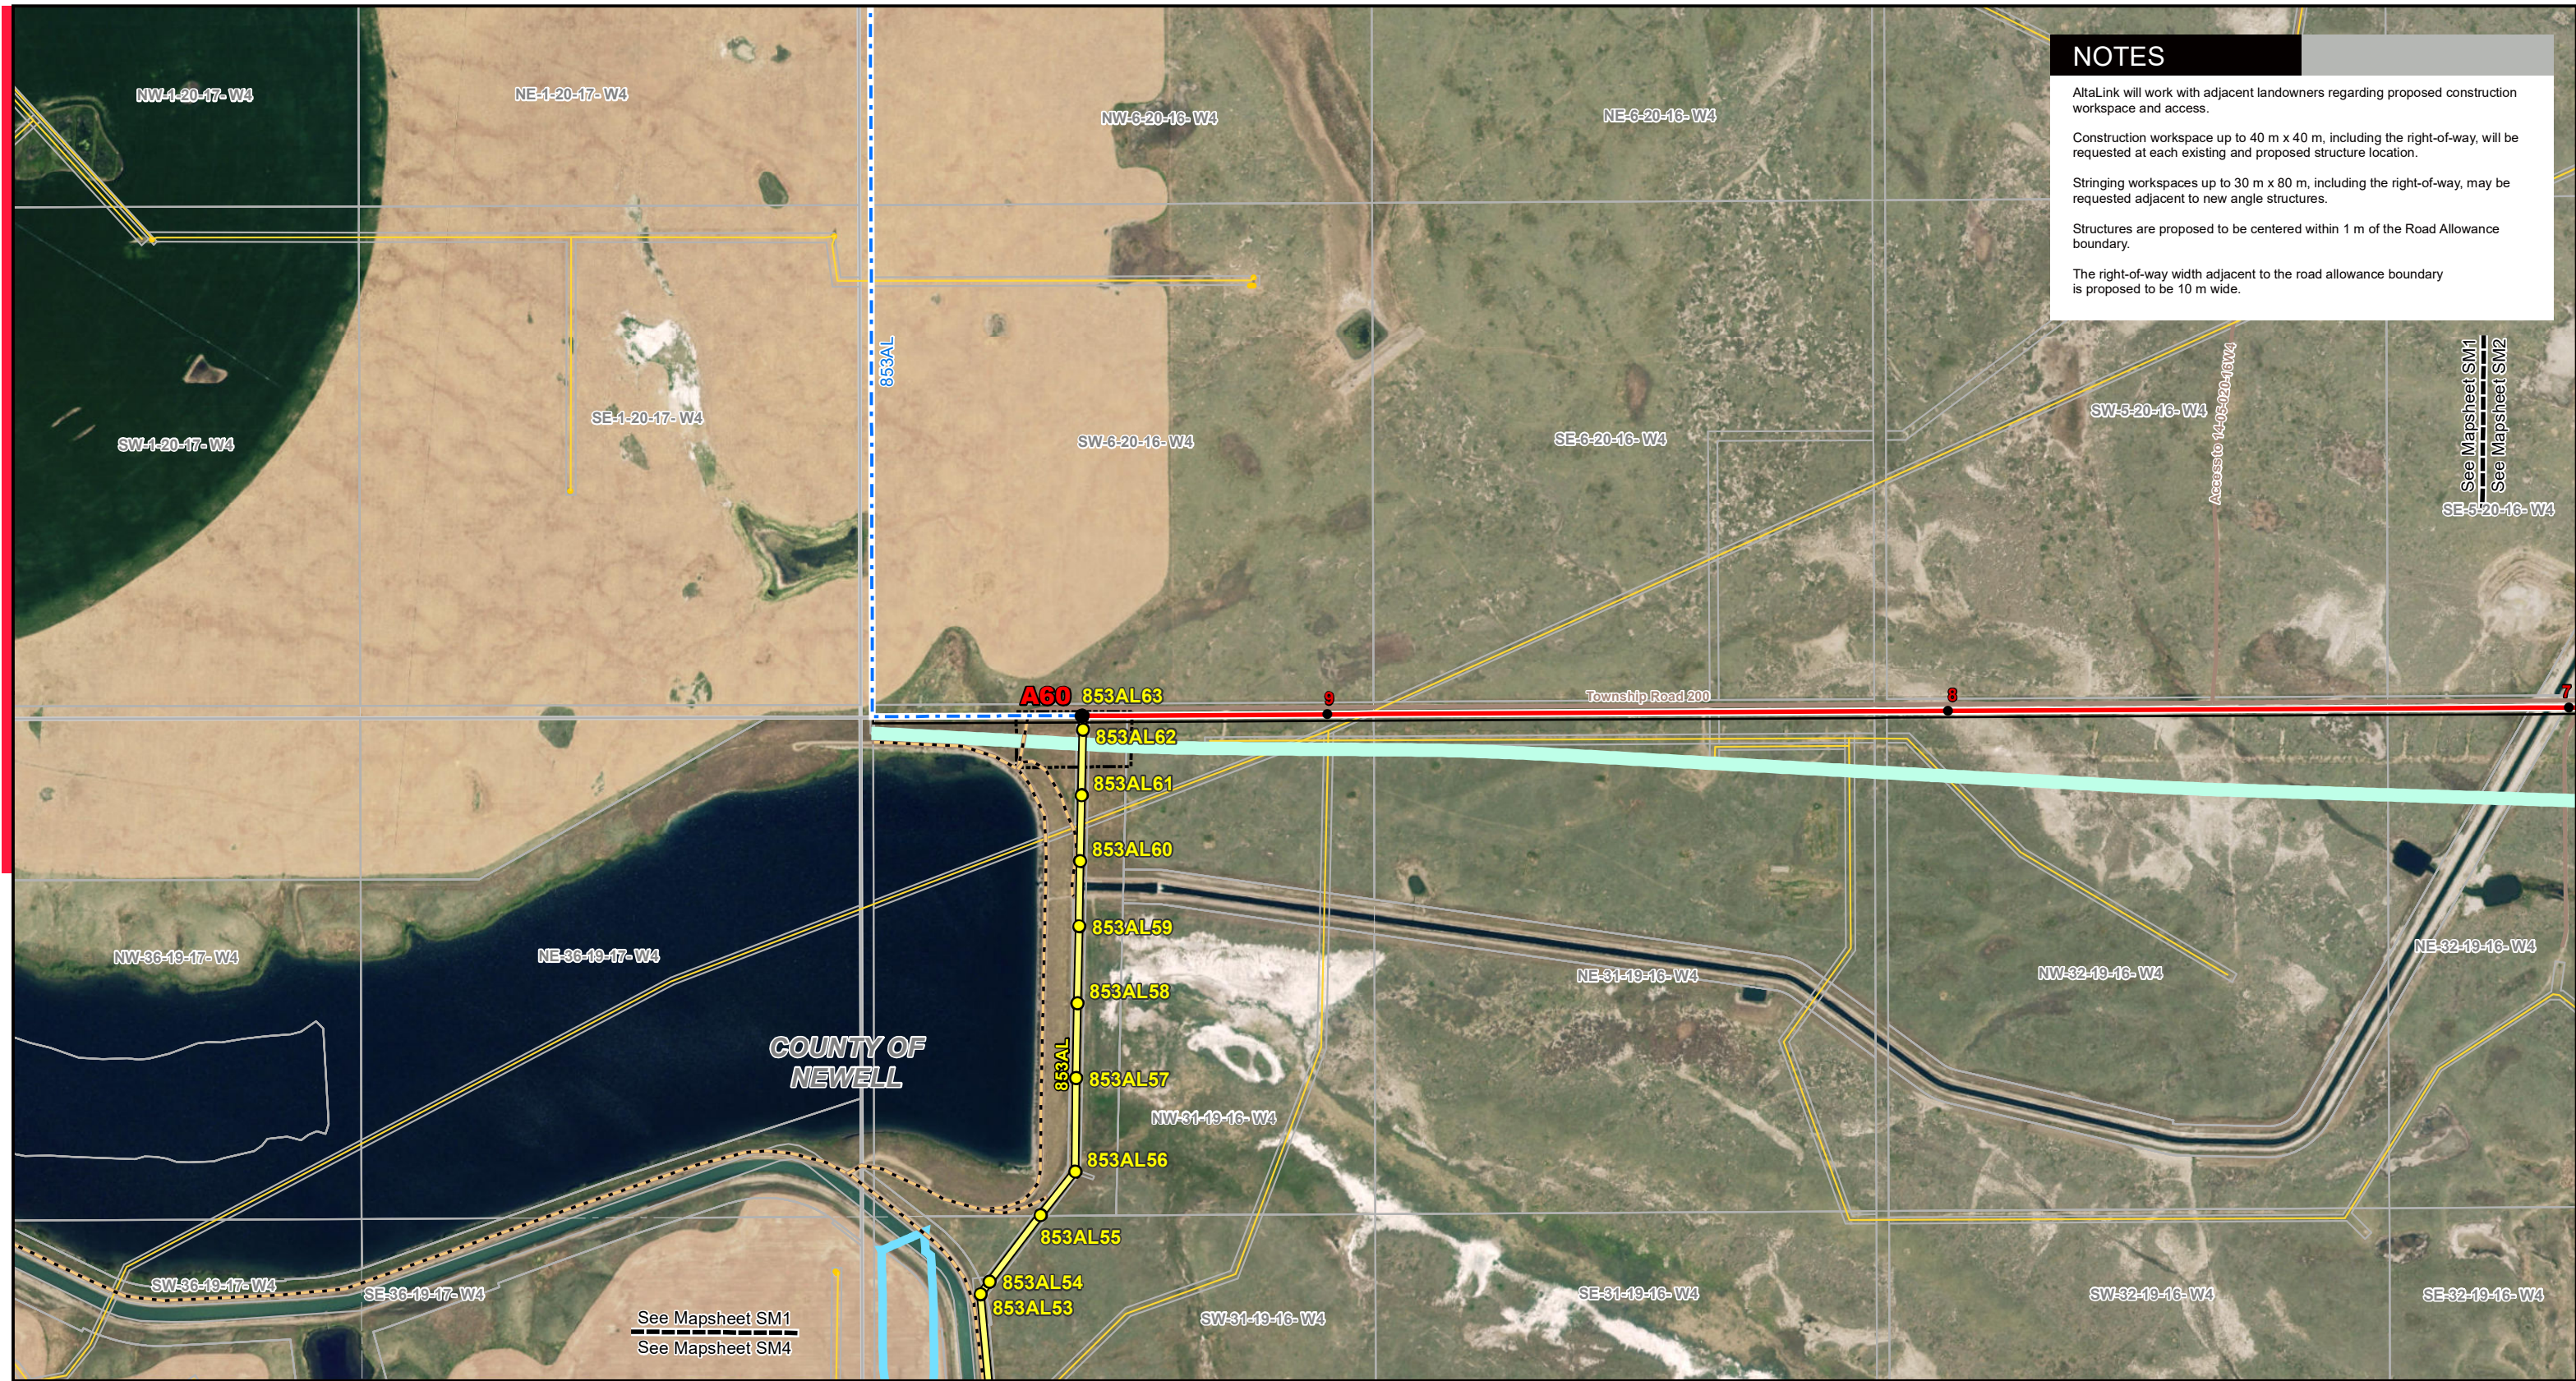

AltaLink will work with adjacent landowners regarding proposed construction workspace and access.

Construction workspace up to 40 m x 40 m, including the right-of-way, will be requested at each existing and proposed structure location.

Stringing workspaces up to 30 m x 80 m, including the right-of-way, may be requested adjacent to new angle structures.

Structures are proposed to be centered within 1 m of the Road Allowance boundary.

The right-of-way width adjacent to the road allowance boundary is proposed to be 10 m wide.
