**NOTES**

The structure at point A20 will need to be replaced.

The construction workspace south of Township Road 192 extends from the road allowance to approximately 20 m past structure 74, on either side of the right-of-way. This larger area of workspace is required to set up equipment for stringing of the line.

The temporary transmission line will be located approximately 50 m north of the existing 853L transmission line. The construction workspace for the proposed temporary transmission line will be approximately 60 m by 255 m.
