## **860L Transmission Line Relocation Notice of project approval**

Thank you for your ongoing participation in the **860L Transmission Line Relocation** project. The Alberta Utilities Commission (AUC) approved this project for construction on **July 26, 2025**.

### **Next steps**

Where construction activities are required to take place on private property, we will contact you in advance to discuss the specific dates and times we will require access to your property.

We plan to begin construction in August **2025**, and anticipate construction to be complete in **October 2025**.

Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- foundation installation
- transmission structure construction
- wire stringing on the transmission structures
- salvage and reclamation for a portion of the existing transmission line

### **AUC approval**

When the AUC approves a transmission project, it grants AltaLink Permits and licences. The permits and licences for this project can be viewed on the AUC website at:  
<https://www2.auc.ab.ca/proceeding/29977>

To view the above link, you will need to log in to your eFiling account. If you do not have an account, select 'New Account' in the Login box and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at [info@auc.ab.ca](mailto:info@auc.ab.ca).

If you have any issues accessing these Permits and Licences, please contact us at the phone number or email address below and we will mail a copy of the application to you.

### **Project background**

To accommodate Qualico's planned Southbow Landing development, AltaLink is proposing to relocate a portion of an existing 138 kilovolt (kV) transmission line called 860L. The project is located in south Cochrane, near Highway 22 and James Walker Trail.

As part of this project, AltaLink is proposing changes to the 860L transmission line, including:

- relocating approximately 2.4 kilometres of the existing transmission line along a different proposed route
- removing and salvaging approximately 1.8 kilometres of existing transmission line

**Contact us**

We are available to address any questions or concerns you may have. Please contact us at [stakeholderrelations@altalink.ca](mailto:stakeholderrelations@altalink.ca) or 1-877-267-1453. Further information about this project and maps are available at <https://www.altalink.ca/project/860l-transmission-line-relocation/>,

Sincerely,

Kris Gladue  
Manager, Stakeholder Engagement
