### **879L Transmission Line Relocation**

#### **Notice of application approval and construction**

Thank you for your ongoing participation in the 879L Transmission Line Relocation project. We submitted an application for the project to the Alberta Utilities Commission (AUC) on March 20, 2025. The Alberta Utilities Commission (AUC) approved this project for construction on March 27, 2025, and construction of this project was completed on April 8, 2025.

#### **AUC Approval**

When the AUC approves a transmission project, it grants AltaLink Permits and Licences. The permits and licences for this project can be viewed on the AUC website at:

<https://www2.auc.ab.ca/proceeding/29937>

To access the application, click on the 'eFiling System Login' button on the top of the page and log in to your eFiling account. If you do not have an account, select 'New Account' and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at [info@auc.ab.ca](mailto:info@auc.ab.ca)

Once your account has been created and you have successfully logged in, enter Filing number 29937 into the 'Go to...' search bar on the top of the page to locate the application. Alternatively, you can navigate to 'Find', click 'Proceedings' and enter "AML 879L" into the 'Description' search bar.

If you have any issues accessing the application, please contact us at the details below and we will mail a copy of the application to you.

#### **Project background**

To accommodate the Alberta Transportation and Economic Corridors (ATEC) Highway 3 twinning project, four structures along AltaLink's 879L transmission line needed to be replaced and one was removed to accommodate for high load clearance. The structure replacements are located approximately 800 metres west of the Hamlet of Burdett, in the county of Forty Mile.
