Bowmanton 244S Substation Voltage Support Project Notice of application filing

Thank you for your ongoing participation in the Bowmanton 244S Substation Voltage Support Project. We submitted an application for the project to the Alberta Utilities Commission (AUC) on May 12, 2023.

Next steps

The AUC will review the application and can approve, approve with conditions, or deny the project. The AUC may also host a hearing regarding the project. To learn more about the AUC process and how you can become involved please visit www.auc.ab.ca.

Where construction activities are required to take place on private property, we will contact you in advance to discuss the specific dates and times we will require access to your property.

The application

The application can be viewed on the AUC's website at www.auc.ab.ca.

To access the application, click on the 'eFiling System Login' button on the top of the page and log in to your eFiling account. If you do not have an account, select 'New Account' and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca

Once your account has been created and you have successfully logged in, type 28197 into the 'Go to...' search bar on the top of the page to locate the application. Alternatively, you can navigate to 'Find', click 'Proceedings' and enter "Bowmanton" into the 'Description' search bar.

If you have any issues accessing the application, please contact us at the details below and we will mail a copy of the application to you.

Project background

The proposed project involves equipment upgrades at the existing Bowmanton Substation, located in Cypress County, in NW-15-14-4-W4M.

The proposed upgrades include adding:

- three new 240 kilovolt (kV) circuit breakers and associated equipment
- three new 240 kV capacitor banks and associated equipment
