Project name
Notice of application filing

Thank you for your ongoing participation in the Cadomin Area Load project. We submitted an application for the project to the Alberta Utilities Commission (AUC) on June 25, 2026.

Next steps

The AUC will review the application and can approve, approve with conditions or deny the project. The AUC may also host a hearing regarding the project. To learn more about the AUC process and how you can become involved please visit www.auc.ab.ca.

The application

The application can be viewed on the AUC's website at www.auc.ab.ca.

To access the application, scroll down the main page and click on the 'Access here' option under 'Access to the eFiling System' and log in to your eFiling account. If you do not have an account, select 'New personal account' or 'New organization account' and follow the steps on the screen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

Once your account has been created and you have successfully logged in, enter Filing number 30923 into the 'Go to...' search bar on the top of the page to locate the application.

If you have any issues accessing the application, please contact us at the phone number or email address below and we will mail a copy of the application to you.

Project background

AltaLink is proposing the following upgrades to the Cadomin 983S Substation:

- replacing a 69 kilovolt transformer
- adding or modifying associated equipment as required

The upgrade work will be completed within the existing substation fenceline, with no fence expansion required.
