Collisard Gas Generation Connection Project
Notice of application filing

Thank you for your ongoing participation in the Collisard Gas Generation Connection Project, formerly known as the Little Flipi Gas Generation Connection Project. We submitted an application for the project to the Alberta Utilities Commission (AUC) on April 15, 2026.

Next steps

The AUC will review the application and can approve, approve with conditions or deny the project. The AUC may also host a hearing regarding the project. To learn more about the AUC process and how you can become involved please visit www.auc.ab.ca.

The application

The application can be viewed on the AUC's website at www.auc.ab.ca.

To access the application, scroll down the main page and click on the 'Access here' option under 'Access to the eFiling System' and log in to your eFiling account. If you do not have an account, select 'New personal account' or 'New organization account' and follow the steps on the screen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

Once your account has been created and you have successfully logged in, enter Filing number 30749 into the 'Go to...' search bar on the top of the page to locate the application.

If you have any issues accessing the application, please contact us at the phone number or email address below and we will mail a copy of the application to you.

Project background

To connect Collisard Power Limited Partnership's (previously Kiwetinohk) Collisard Gas Generation Connection Project to the grid, AltaLink is proposing changes to its transmission system. The project is located within Red Deer County, approximately 3.5 kilometres south of the Hamlet of Benalto.

AltaLink is proposing modifications to our existing Benalto Substation, which includes installing a 138 kilovolt (kV) circuit breaker and associated equipment to connect Collisard Power Limited Partnership's facility to the grid. All of the work will be taking place within the existing substation footprint and no fence expansion is required.

Contact us

We are available to address any questions or concerns you may have. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453. Further information about this project and maps are available at <https://www.altalink.ca/project/little-flipi-gas-generation-connection/>.

Sincerely,

Kris Gladue
Manager, Stakeholder Engagement
