Dolcy Solar + Energy Storage Project Connection Notice of application filing

Thank you for your ongoing participation in the Dolcy Solar + Energy Storage Project Connection. We submitted an application for the project to the Alberta Utilities Commission (AUC) on August 19, 2025.

Project background and updates

To connect to Dolcy Solar Inc's Solar + Energy Storage Facility, Dolcy Solar plans to construct its own 948AL transmission line and connect to AltaLink's existing 948L transmission line.

AltaLink previously considered two potential connection points on the existing 948L, however AltaLink's application only included one potential connection point that aligns with the Customer's application for the 948AL transmission line. Please see the attached Detail Photo Map for more information.

All work conducted on this structure will be located on land owned by AltaLink.

This package also includes the Electronic and Magnetic Fields (EMF) page, which was not part of the prior mailout in April 2025.

Next steps

The AUC will review the application and can approve, approve with conditions or deny the project. The AUC may also host a hearing regarding the project. To learn more about the AUC process and how you can become involved please visit www.auc.ab.ca.

The application

The application can be viewed on the AUC's website at www.auc.ab.ca.

To access the application, scroll down the main page and click on the 'Access here' option under 'Access to the eFiling System' and log in to your eFiling account. If you do not have an account, select 'New personal account' or 'New organization account' and follow the steps on the screen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at info@auc.ab.ca.

Once your account has been created and you have successfully logged in, enter Filing number 30242 the 'Go to...' search bar on the top of the page to locate the application.

If you have any issues accessing the application, please contact us at the phone number or email address below and we will mail a copy of the application to you.

Contact us

We are available to address any questions or concerns you may have. Please contact us at stakeholderrelations@altalink.ca or 1-877-267-1453. Further information about this project and maps are available at <https://www.altalink.ca/project/dolcy-solar-energy-storage-project-connection/>.

Sincerely,

Kris Gladue
