**Jurassic Solar Connection  
Notice of project amendment approval**

Thank you for your ongoing participation in the Jurassic Solar Connection project. The Alberta Utilities Commission (AUC) approved the amendment for this project for construction on March 5, 2025.

**Next steps**

We plan to begin construction in September 2025 and anticipate construction to be complete in April 2026. Depending on where you are in relation to the project, you may see or hear:

- noise and construction crews
- construction of a new telecommunications tower

**AUC approval**

When the AUC approves a transmission project, it grants AltaLink Permits and licences. The permits and licences for this project can be viewed on the AUC website at:

<https://www2.auc.ab.ca/proceeding/29864>

To view the above link, you will need to log in to your eFiling account. If you do not have an account, select 'New Account' in the Login box and follow the steps onscreen. Please note any questions or concerns regarding account creation and management should be directed towards the AUC at [info@auc.ab.ca](mailto:info@auc.ab.ca)

If you have any issues accessing these Permits and Licences, please contact us at the details below and we will mail copies of the documents to you.

**Project background**

Jurassic Solar is constructing a new substation and transmission line as part of their new Jurassic Solar Project. The project is in Cypress County, approximately 37 kilometres northeast of the City of Brooks.

AltaLink amended the location of its previously approved telecommunications tower and radio site within the Jurassic Solar Substation approximately 25 metres north.
