

**How to read your map**

This map will help you locate proposed routes in relation to your property. The side titled Detail Base highlights routing criteria such as residences and environmental considerations. The side titled Detail Photo is an aerial image and provides landscape details. The black dots and corresponding letters and numbers (for example A10) will help you identify the route you are closest to.

Potential 240 kV Transmission Line Alignment on property

Potential 240 kV Transmission Line Alignment in road allowance. The alignment could be in or straddling the road allowance boundary depending on the structure type selected.
