NOTES

North of A5 monopole structures will be located on quarter line and a 20 m wide right-of-way will be required.

Between A5 to A1 monopole structures will be located 1 m within the road allowance and a 10 m wide right-of-way will be required on property.

From A1 to Rising Sun Substation a 20 m wide right-of-way will be required.

Between A1 to B5 monopole structures will be located 1 m within the road allowance and a 10 m wide right-of-way will be required on property.

Between B5 to B20 H-frame structures will be required. One pole will be located 1 m within road allowance, with the second pole located approximately 3 m on property. A right-of-way of 15 m will be required.

North of B20 H-frame structures will be required. One pole will be located 1 m within road allowance, with the second pole located approximately 3 m on property. A right-of-way of 15 m will be required.

AltaLink's proposed telecommunications tower will be located within the Customer's Substation.
