**Rising Sun Solar Project Connection
Project notification – AESO need overview**

Thank you for your ongoing participation in the Rising Sun Solar Project Connection. In the August 2024 package you received, we included a reference to the Alberta Electric System Operator (AESO)'s Need Overview for more information about why the project is needed. The Need Overview was not included in that package as intended, so we are sending it to you now to ensure that you have all of the information related to this connection project.

To learn more about Alberta's electric system and the need for the project, please contact the AESO at stakeholder.relations@aeso.ca or 1-888-866-2959 (toll-free). More information can also be found at www.aeso.ca.
