

NOTES

The right-of-way boundary for the proposed transmission line is approximately 20 metres wide.

Additional right-of-way of approximately 8 metres will be required for the proposed transmission line modifications on the 745AL transmission line, between A20 and B10.

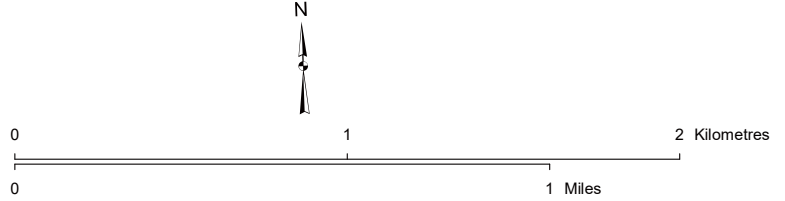

The proposed underground fibre optic cable will be located within the existing 745AL transmission line right-of-way. When crossing the North Saskatchewan River, optical ground wire will be installed on the 745AL transmission line.

Guy anchor easements of 25 m x 10 m will be required west of A10 and east of A20 across Obed Mountain Road.
